
MY SERVICE TO YOU

FULL DAY COVERAGE £1250

This will include a minimum of 400 carefully edited, high-resolution images. They are copyright free allowing you to print and duplicate the images as and when you please.

My aim is to capture the whole story of the day, so coverage will be from getting ready through to the first dance and beyond. Your completed images will then be supplied on a USB in a stylish presentation case. Also included is an online, password protected gallery allowing you to share your day with family and friends, all images in the gallery are high resolution and can be downloaded at no extra cost.

Discounts are now available for Winter & midweek weddings.
Details are available on request.

ADDITIONAL SERVICES

Secondary professional photographer – £250

FAQ'S

I'm sure you have plenty of questions to ask that we can cover in an informal consultation, but here are a few answers to the most common questions...

How far would you travel?

I mostly photograph weddings in the East Midlands, but on occasions I covered weddings in places ranging from Bournemouth to Hawaii! All travel expenses for weddings in the East Midlands are included in the price, for a wedding further afield there will be reasonable additional charges for travel and possibly accommodation.

Do I need a second photographer?

The majority of weddings I attend alone; However, I would recommend a second photographer if you have a larger sized wedding of greater than 120 guests. The advantages can be discussed further in our consultation.

Can we meet up before the wedding?

Absolutely! It's important to get all the details covered so I know fully where I need to be and when. This allows me to happily shoot away, but most importantly for you to relax and enjoy your day, knowing everything is all under control!

I would suggest we meet again approximately a month before the wedding at the venue(s) so we can have a look around together at potential photo opportunities.

Do you do formal group shots?

I am happy to do the standard group shots for you. However, so I can continue to capture the day in a natural style I suggest a maximum of 8 different group shots. I usually ask for a list of the chosen groups before the day. This can be discussed at the venue(s) visits.

Can you provide an album?

As I provide full high-resolution images and good quality albums are now available on the web, it has become increasingly popular for people to create their own album. However, if you would like an album supplied I will happily go through all the options with you. Prices start from £600

How long do you keep the images for?

As I have quite a few high-resolution images to store throughout the year (and only so many back up hard drives!) I will keep the images on file for 12 months after your wedding, so please make sure you back them up!

What if the weather is poor?

Ah the good old British weather! We cannot guarantee gorgeous blue skies no matter what the month. However, if we happen to be indoors, my high-end equipment and ability to expertly shoot with both natural light and flash will ensure I can still capture fantastic results.

Do you have insurance?

Yes, I am fully covered in both professional indemnity and public liability.

When is payment(s) required?

To secure the booking I require a booking fee of £250. The remaining balance will then be required no later than 7 days before your wedding.
