

MY SERVICE TO YOU

FULL DAY COVERAGE £1100

My aim is to capture the whole story of the day, so coverage will be from getting ready through to the first dance and beyond.

I like to shoot in an informal style, blending in and capturing all the special moments from the day.

The package will include a minimum of 400-500 carefully edited, high-resolution images. Your completed images will then be supplied in your own password protected gallery, allowing you to share your day with family and friends. All images in the gallery have unlimited downloads at no extra cost.

FAQ'S

I'm sure you have plenty of questions to ask that we can cover in an informal consultation, but here are a few answers to the most common questions.

How far would you travel?

All travel expenses for weddings in the East Midlands are included in the price. For a wedding further afield there will be reasonable additional charges for travel and possibly accommodation, depending on the time scales of the day.

Do you work alone?

The majority of weddings I do attend alone, however I would recommend you consider a second photographer if you have over 100 guests; also if you wish to have coverage at different venues before the wedding, that are some distance apart. I only use professional photographers to second-shoot and the additional cost will be £250.

Can we meet up before the wedding?

Absolutely! It's important to get all the details covered so I know fully where I need to be and when. This allows me to happily shoot away, but most importantly for you to relax and enjoy your day, knowing everything is all under control!

I would suggest we meet again approximately a month before the wedding at the venue(s) so we can have a look around together at potential photo opportunities.

Do you do midweek discounts?

I have a fixed price structure to keep it fair for all couples, which is a very competitive price for any day of the week or season.

Do you do formal group shots?

So I can continue to capture the day in my natural style I suggest a maximum of 6 different group shots. I will ask for a list of the chosen groups before the day.

If I see an image I like on social media will you replicate it?

I'm a spontaneous photographer and hopefully you will have chosen me as you like my particular style. Whilst I think it's a great idea to look around at images and draw inspiration, I don't tend to copy other work.

Can you provide an album?

As I provide full high-resolution images and good quality albums are now available on the web, it has become increasingly popular for people to create their own album. Therefore, I have decided to no longer offer this service.

How long do you keep the images for?

I will keep the images on file for 12 months after your wedding, so please make sure you back them up! The online gallery will also be available for 1 year after the wedding.

What if you are ill and cannot attend the wedding?

Thankfully that hasn't happened in the 17 years since the creation of Bunney Photography! If this does ever happen, I know a pool of excellent photographers I can call on so will be confident I could find you a replacement if needed.

Do you have insurance?

Yes, I am fully covered in both professional indemnity and public liability.

When is payment(s) required?

To secure the booking I require a booking fee of £250. The remaining balance will then be required no later than 7 days before your wedding.
